

BYLAW NO. T-1

A BYLAW RESPECTING STREETS AND SIDEWALKS

BE IT ENACTED by the Council of the Village of Bath as follows:

1. SCOPE

In this bylaw:

“Manager of Public Works” includes the Manager of Public Works and any person designated to act by him or her;

“right of way drainage system” includes storm sewers, curbs, gutters and ditches;

“street” means any street, lane, road, highway, alley, thoroughfare or place which is used by the public for the passage of vehicles.

2. CONSTRUCTION

2.01 The Village Council of the Village of Bath may by resolution, order and direct that any streets or sidewalks or portions thereof within the Village be paved with suitable material and in such manner as shall, so far as possible, ensure the permanency of such pavement. Upon the adoption of such resolution the work so ordered shall be undertaken at once under the supervision of the Village council, a committee thereof, or some person appointed by the Council for that purpose, or the Council may enter into a contract with any person for construction of such work.

2.02 The total cost of sidewalk installation and pavement on existing streets in the Village shall be borne by the Village of Bath.

2.03 The Council may appoint officers and employees, including Manager of Public Works, as are deemed necessary for the general supervision of the construction, maintenance, control, administration and efficient, continuous operation of the streets, sidewalks and right of way drainage systems.

2.04 The Manager of Public Works shall cause to be made appropriate plans of the street, sidewalk and right of way drainage systems.

- 2.05 The total cost of culvert installation, curb cuts and sidewalk modification for driveway access to existing streets shall be borne by the affected property owner.
- 2.06 The cost of constructing ditches in the public right of way shall be borne by the Village.

3. STREET OPENING, WIDTH, AND EXCAVATION

- 3.01 No person shall acquire, open, lay out, widen, alter or extend a street without the permission of the council, subject to the following conditions:
- (1) Whenever the Council determines by resolution to acquire, open, lay out, widen, alter or extend a street, the title to the lands required for such purpose shall be acquired by the Village.
 - (2) Funds of the village shall not be used for the purpose of subsection 3.01(1) until such time as the title has been vested in the Village.
- 3.02 Every street hereafter opened shall have a width of not less than 18 metres.
- 3.03 (1) No person, other than a duly authorized employee of the Village, shall dig or make an excavation in a street without having first obtained permission in writing from the Manager of Public Works.
- (2) No person shall permit any excavation made by him or her in a street or on lands adjacent to a street to remain open longer than is necessary for the purpose for which it was made. Such person shall erect and maintain a suitable fence or guardrail not less than 1.2 metres in height around such excavation and maintain danger lights thereon between sunset and sunrise, as may be reasonably necessary to prevent injury or damage to persons or property.
- (3) When a person makes an excavation in a street, it shall be done to the satisfaction of the Manager of Public Work.
- (4) An excavation done in a street shall be backfilled by the excavator to the level of the street and to the satisfaction of the Manager of Public Works.

4. ACCESS TO STREETS

- 4.01 (1) Access to a street shall be subject to the approval of the Manager of Public Works.
- (2) No person shall permit any change to the driveway opening at the curb without the approval of the Manager of Public Works.
- (3) The maximum width of driveways openings at the curb for single detached, semi-detached and duplex dwellings shall not exceed the following:
