# Community Connection

FALL/WINTER 2025

## LOOKING BACK WITH GRATITUDE...

As we say goodbye to the summer season, we're grateful for all the moments that brought our community together. From family picnics in the park and lively Recreation Programs to Tourism Events that filled our municipality with laughter and music, it's been a season to remember. None of it would have been possible without the incredible spirit of our residents, volunteers, and staff who helped make every activity a success.

While the days are getting shorter, the memories of this summer will carry us forward into the fall with a renewed sense of connection and community pride. Thank you for being part of what makes our municipality such a vibrant place to live, work, and play.

## MOVING FORWARD WITH ANTICIPATION...

As we transition into the fall and winter months, there's a lot to look forward to in our community. Seasonal programs, recreational activities, and festive events will help keep us active and connected, no matter the weather. Whether it's lacing up skates, enjoying autumn trails, or gathering for holiday celebrations, we're excited for the opportunities this new season will bring. We encourage everyone to stay engaged, try something new, and continue building the strong community spirit that carries us through the year.

## DISTRICT OF CARLETON NORTH COMMUNITY CALENDAR

Curious about what's going on in the District? Visit the [Community Calendar](#) for all upcoming events!

## ALL ABOARD FOR MUNICIPALITY WEEK

Municipality Week was celebrated from September 15–19, recognizing the service and dedication of municipal employees, elected officials, and volunteers. Their hard work and commitment are essential in helping our community grow and thrive!

We highlighted Municipality week with two exciting events: our Community Art Mosaic and Train Ticket Search. We invited residents to participate by picking up a 6x6 canvas and creating a piece of art work that illustrates the beauty of our Municipality. We will be displaying the Art Mosaic at the R.G. “Bun” Veysey Active Living Centre. Stay tuned! The Train Ticket Search was a great success! Tickets were hidden throughout the district, with video clues released to help participants find them. There were two winning tickets and one amazing prize! Each winner received a dinner for two at OFF THE RAILS by Smoyds. A special thank you to OFF THE RAILS for partnering with us and for donating a Dinner For Two.

# CONGRATULATIONS

Jessica & Zachary Cannon

Everly & Wyatt Shaw

TRAIN TICKET SEARCH WINNERS

# SUMMER TOURISM

## BREWS ON THE BOARDWALK

The first Brews on the Boardwalk was a huge success! What an amazing evening on the riverfront. Thank you to everyone who joined us for a night of local flavour, live music, and community spirit along the beautiful St. John River. Many thanks to the vendors, musicians, volunteers, and partners who made it all possible. A special shoutout to Sharon Johnston and Maddie O'Keefe with District Tourism, the Maintenance & Operations Staff, local fire departments, and the RCMP.

# R.G. “BUN” VEYSEY ACTIVE LIVING CENTRE

This summer, our Recreation Department Summer Day Camps ran for 9 weeks. Campers enjoyed activities such as rock wall climbing, swimming, and much more. Each week was a new theme & exciting adventure. It was a wonderful opportunity to build friendships, develop new skills, and make lasting memories over the summer break. A heartfelt thank you to our dedicated staff that made it all possible!

**Alanna Baird**

*Quiet Spots*

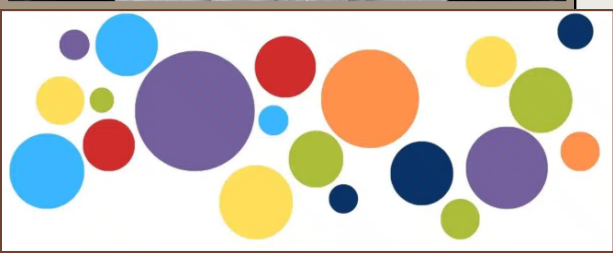

## OFFICIAL UNVEILING

Our community came together for the official unveiling of “Quiet Spots”, a public art project designed to inspire reflection, connection, and creativity.

Mayor Andrew Harvey had the honour of placing the final spot, symbolizing the project’s completion. Artist Alanna Baird, whose vision brought “Quiet Spots” to life, joined us for the event.

As part of the celebration, the Public Art Plaque was also unveiled, providing visitors with insight into the meaning of the installation and the process from proposal to concept to completion.

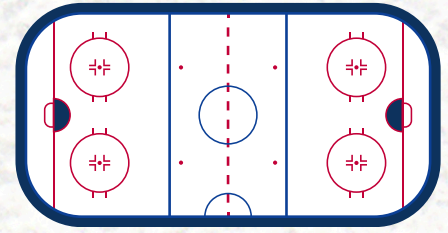

We are proud to showcase “Quiet Spots”. We invite everyone to visit the R.G. “Bun” Veysey Active Living Centre to take a moment to enjoy it and discover your favourite spot.

As summer comes to a close, the Recreation Department is excited to kick off a full lineup of fall programs! From basketball and pickleball to senior socials and community events, there’s something for everyone. Visit the [District of Carleton North Recreation](#) Facebook page to explore all the upcoming programming. The R.G. “Bun” Veysey Active Living Centre Fall/Winter hours of operation are Monday to Friday from 8 AM to 9 PM, and Saturday & Sunday from 8 AM to 7 PM.

## ICE INSTALLATION PROCESS

### DID YOU KNOW?

*THE ICE INSTALLATION PROCESS IN AN ARENA IS VERY DETAILED AND REQUIRES A LOT OF PRECISION AND PATIENCE. HERE'S A STEP-BY-STEP OVERVIEW OF HOW IT'S TYPICALLY DONE*

**PREPARING THE ARENA FLOOR** - The concrete slab which contains the arena's refrigeration piping is thoroughly cleaned. The refrigeration system is turned on to bring the concrete floor temperature down, usually to around  $-5^{\circ}\text{C}$  to  $-8^{\circ}\text{C}$ .

**CREATING THE BASE LAYERS** - A thin mist of water is sprayed over the entire floor, freezing almost instantly. This step is repeated 10 times to build up a smooth, even base (often just a few millimeters thick). Powdered white paint is mixed in a barrel and 3 coats are sprayed onto the frozen base to give it a bright, reflective look. An additional 5-6 thin coats of water are applied over the paint to seal it.

**MARKING LINES AND LOGOS** - the faceoff circles, hash marks and goal creases are carefully painted by hand. The goal lines, red and blue lines and large circles are painted using a paint stick. This year the aesthetic appeal of a checkered pattern was chosen for the center line. Banners are mesh textile and frozen into the ice. All lines and logos are sealed using a back sprayer and many thin coats of water. This step ensures the paint does not run when applying additional seal coats.

**BUILDING UP THE ICE THICKNESS** - Two days are dedicated to walking the ice surface, applying fine misting coats building a strong, durable ice sheet.

**FINAL CHECKS** - Once the ice is thick enough, the ice building process is continued using the Zamboni machine. Temperature and thickness are checked to ensure the ice is consistent across the whole rink. The finished ice surface is 1.5 inches thick. Once complete, the arena is ready for the season.

# NORTHERN CARLETON CIVIC CENTRE

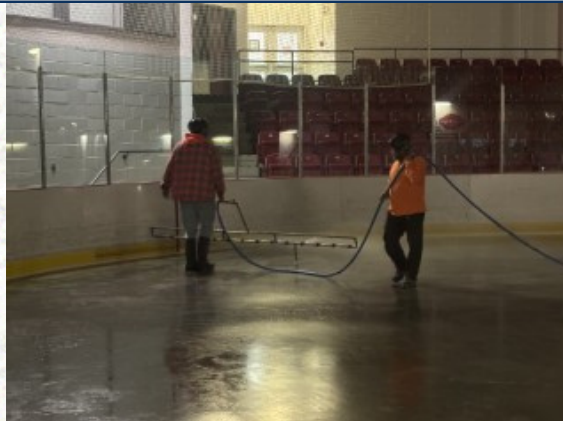

The entire process from start to finish takes the Maintenance Team over a week to complete but the process isn't over.

**MAINTAINING THE ICE:** Daily maintenance is required throughout the entire season to ensure the thickness of the ice remains 1.5 inches

We would like to extend a BIG thank you to our Maintenance Team for their dedication and hard work in preparing the ice for the upcoming season. Installing, maintaining, and eventually removing the ice is no small feat. Your efforts ensure that our arena remains a first-class space for athletes, skaters, and the community. Your commitment behind the scenes keeps everything running smoothly, and we are truly grateful for all that you do.

# NORTHERN CARLETON CIVIC CENTRE

BEAUTIFICATION

## BEAUTIFICATION PLANNING

*Did you know?*

Val McCowan, our Beautification Manager, puts a great deal of time and thought into planning for the year ahead. Next year's flower order has already been placed, and she works closely with Marvin and Rhonda from Brookside Greenhouses to coordinate everything. Ongoing communication helps ensure everything is in place for the next summer season.

# WASTE MANAGEMENT

## LET'S RECYCLE

Have a question about recycling? We can help!

**Did you know?** Curbside recycling is collected once a month. This is a free service made possible through the Province's partnership with **Circular Materials**, a national not-for-profit organization that builds efficient and effective recycling systems across Canada

### Recycling Trivia

Recycling right goes a long way to ensuring more material gets recycled! Test your recycling knowledge with our Ready. Recycle. Repeat. trivia.

Download the **Recycle Coach APP** to keep you on schedule

**CLICK HERE:**  
[Recycling Trivia](#)

## OCTOBER IS CIRCULAR ECONOMY MONTH!

It's a time to reflect on how we can reduce waste, conserve resources, and support Canada's shift toward a circular economy. One easy way to take action is by **recycling your used batteries**

### I HAVE OLD HOUSEHOLD BATTERIES, WHAT DO I DO WITH THEM?

You can bring them to the **Town Office**, 19 Station Road, Florenceville-Bristol

**Did you know** that putting batteries in your recycling can pose serious safety risks to workers and facilities, as well as harm the environment?

Batteries need to be recycled properly, at specifically designated battery recycling locations. Just Collect, Protect, Drop Off!

### WHAT BATTERIES CAN BE RECYCLED?

Click here to find out: [Recycle Your Batteries](#)

## District of Carleton North Recycling guide

### Accepted materials

Here's a quick summary of some of the materials that you can recycle!

**Cardboard:** Cereal boxes, egg cartons, corrugated cardboard, paper towel rolls.

**Paper:** Envelopes, newsprint paper.

**Metal:** Food and beverage cans.

**Plastic:** Containers, bottles, cans.

What's  
**NOT**  
Accepted

Diapers

Pots & Pans

Hazardous Materials

Batteries

Books

Toys

The District of Carleton North's recycling program is now managed by **Circular Materials**, a national not-for-profit organization that is committed to building an efficient and effective recycling system in New Brunswick.

There is no change to the materials you currently recycle or your recycling schedule.

### Recycling tips:

- ✓ Sort recyclable materials from garbage and organics.
- ✓ Flatten and bundle cardboard.
- ✓ Empty and give containers a quick rinse.
- ✓ Keep materials loose.

**By recycling, you make a difference!**

Since amalgamation, the District of Carleton North has been actively working to align by-laws across the entire municipality. This effort is focused on building a consistent and streamlined regulatory framework that supports effective governance while reflecting the shared values of our communities. The work is ongoing, with a strong commitment to consistency, transparency, and improved service for all residents.

## By-laws

### S-4 Relating to Fire Protection and Prevention By-law

ENACTED JUNE 24, 2025

A by-law of the District of Carleton North of New Brunswick pertaining to fire prevention, protection and related matters for the Fire Departments of Bath, Centreville, Florenceville-Bristol, Glassville, Juniper and Lakeville.

The enactment of this by-law repeals all by-laws of the former Bath, Centreville and Florenceville-Bristol pertaining to fire protection and prevention
