CHAPTER 1

TITLE & SCOPE

The Council of the District of Carleton North, under the authority vested in it by the *Community Planning Act*, SNB 2017, c. 19, enacts the DISTRICT OF CARLETON NORTH Zoning By-law as follows:

1.1 TITLE

This By-law may be cited as the District of Carleton North Zoning By-law #P-02. It is referred to as "the By-law" throughout this document.

1.2 PURPOSE

This By-law shall:

1. Divide the District into zones;
2. Prescribe the purposes for which land, buildings, and structures in any zone may be used and regulate the standards to which land use and the placement, erection, alteration, and use of buildings and structures shall conform; and
3. Prohibits the use, placement, erection, or alteration of land buildings, or structures other than in conformity with the purposes and regulated standards mentioned in paragraph (b).

1.3 SCOPE

1. With the exception of fences, no building or structure shall be erected, altered, or demolished unless a Development/ Building permit has been issued, and no Development/Building permit shall be issued unless all the provisions of this By-law are satisfied.

2. Nothing in this By-law shall exempt any person from complying with the requirements of the Building By-law, Subdivision By-law, or any other By-law in force within the District or to obtain any license, permission, permit authority or approval required by this or any other By-law of the Municipality, or other lawful authority.
3. Where the provisions of this By-law conflict with those of any other municipal, provincial, or federal regulations, By-laws or codes including regulations pertaining to on-site sewage disposal systems, the more stringent requirements shall prevail.

1.4 SEVERABILITY

If any provision of the By-law is declared by a court or tribunal of competent jurisdiction to be invalid, that ruling shall not affect the validity of any other provision herein, nor of the By-law as a whole.

1.5 REPEAL

1. The portion of the South Central Carleton Country Planning Area Rural Plan (11-SCC-45-00) and amendments thereto that fall within the administrative boundaries of the District are hereby repealed.
2. The Bath Rural Plan No. 20 is hereby repealed.
3. The Centreville Rural Plan By-law No. 16-2022 is hereby repealed.
4. The Florenceville-Bristol Municipal Plan By-law No. 12A and Zoning By-law No. 13B is hereby repealed.

5. Notwithstanding the repeal of the By-law in preceding subsection (4):
 - a. Section 59 Conditions, pursuant to the *Community Planning Act*, which have been registered prior to the coming into force of this By-law shall remain in force.
 - b. Nothing in this By-law shall prohibit a development for which the Development Officer issued a permit prior to the coming into force of this By-law, but any time limits established by such permit shall continue to apply.

CHAPTER 2

ADMINISTRATION

2.1 ADMINISTRATIVE AREA

The geographical area within the boundaries of the District of Carleton North is divided into zones as shown on the Zoning Map attached as Schedule A.

2.2 ZONES

The following zones appear on the Zoning Map in Schedule A. The table below provides the zone and corresponding abbreviation:

Zone	Abbreviation
Neighbourhood Residential	R1
Low Rise Residential	R2
Rural Residential	RR
Mini-Home Park Residential	MHP
District Centre	DC
Local Centre	LC
Mixed Use	MU
General Commercial	GC
Rural	R
Light Industrial	LI
Heavy Industrial	HI
Aggregate Extraction	AE
Institutional	I
Environmental Conservation	EC
Parks and Recreation	PR
Flood Risk Area Overlay	FR
Watercourse and Wetland Overlay	WW

2.3 ZONE BOUNDARIES

1. Where a zone boundary follows a lot line, that lot line is the zone boundary;
2. Where a zone boundary follows the sideline of a highway, road, lane or street, such sideline is the zone boundary;
3. Where a zone boundary follows a transmission right-of-way, rail right-of-way, or watercourse, the centre of that feature is the zone boundary;
4. Where a zone boundary follows the municipal boundary, the municipal boundary is the zone boundary; and
5. Where none of the above applies, the zone boundary is determined by measuring the Zoning Map directly.

2.4 PROPERTIES AFFECTED BY MORE THAN ONE ZONE

Where a lot extends across more than one zone, the provisions of each zone shall be applied to the corresponding areas of the lot.

2.5 BY-LAW APPLICABILITY AND ENFORCEMENT

Except for the Crown or agent of the Crown as described in section 129 of the *Community Planning Act*, no person shall, within any zone, use any land or place, or erect, alter or use any building or structure except in accordance with the provisions of this By-law.

2.6 USES

2.6.1 PERMITTED USES

If a use is not listed as a permitted use in a particular zone, it is hereby deemed to be a prohibited use in that zone unless determined to be a similar or compatible use by the Planning Review and Adjustment Committee in accordance with Section 2.9 of this By-law.

2.6.2 CONDITIONAL USES

Notwithstanding Section 2.6.1, conditional uses are:

Subject to terms and conditions imposed by the Planning Advisory Committee; and

Subject to all other provisions of this By-law.

2.6.3 SECONDARY USES

1. Secondary uses are:
 - a. Subordinate to the main use; and
 - b. Located on the same lot as the main use, unless otherwise provided by this By-law.
2. Secondary uses are subject to the requirements of the zone in which the main use is listed and may be subject to additional provisions described in Chapter 4 of this By-law.

2.6.4 ACCESSORY USES

1. An accessory use is:
 - a. Subordinate to the main use or secondary use;
 - b. Located on the same lot as the main use unless otherwise provided by this By-law; and
 - c. Complementary to the main use, as the discretion of the Development Officer.
2. Accessory uses are subject to the requirements of the zone in which the main use is listed and may be subject to additional provisions described in Chapter 4 of this By-law.

2.7 MEASUREMENTS AND CALCULATIONS

1. Numerical requirements in this By-law are provided in metric units of measurement. Imperial measurements are provided in parentheses as guidelines and are rounded up to the nearest imperial unit. In the event, of a conflict, the metric measurement shall prevail.
2. A numerical requirement shall be determined by measuring the closest distance in a straight line made along a horizontal plane and not by following the topography or slope of the land except as otherwise provided by this By-law.
3. Where the calculation of a numerical requirement results in a fraction:
 - a. A fraction of less than one-half shall not be taken into consideration; and

- b. A fraction of one-half or more shall require rounding to the next higher full number.

2.8 POWERS & ROLE OF COUNCIL

2.8.1 NON-CONFORMING USE

1. Pursuant to section 61(1) of the Community Planning Act, Council may require that any land, building, or structure containing a non-conforming use shall be maintained and kept in a condition appropriate to the area in which it is located, in accordance with the standards prescribed by the Council.
2. Pursuant to section 61(3) of the Community Planning Act, if the standards prescribed under paragraph (a) are not complied with, Council may perform, at the expense of the owner or occupier, the work required to meet the standards or require the termination of the use.

2.8.2 SATISFACTORY SERVICING

1. No building may be erected within a *Community Node* or other area intended for municipal services in the opinion of Council, satisfactory arrangements have not or cannot be made for the supply of electrical power, water, sewerage, streets, and other services and facilities.
2. In all other areas of the District, private services shall be provided in accordance with applicable provincial standards.

2.9 POWERS OF THE PLANNING REVIEW AND ADJUSTMENT COMMITTEE AND REGIONAL SERVICE COMMISSION

1. No building or structure may be placed, erected, or altered on any site where it would otherwise be permitted under this By-law when, in the opinion of PRAC, the site is determined to be marshy, subject to flooding, excessively steep, or otherwise unsuitable for development on account of its soil or topography.
2. PRAC may, subject to the terms and conditions it considers fit:
 - a. Authorize for a temporary period, in accordance with the Community Planning Act, a development otherwise prohibited by this By-law.
 - b. Require the termination or removal of a development authorized under a. at the end of the period authorized under the Community Planning Act.
 - c. Under section 53(2)(j) of the Community Planning Act, PRAC may:
 - i. delegate its authority under paragraph (i) of Section 53(2) to the Development Officer, and
 - ii. authorize a delegate to further delegate their authority under paragraph (i) of Section 53(2) to a person.

Where a use is listed as conditional in a zone, or described as subject to terms and conditions, the use is subject to terms and conditions that may be imposed by the PRAC, and no building or development permit shall be issued unless an application and supporting information for such use has been submitted to the PRAC; and the PRAC has reviewed the application and approved it as proposed or subject to specific terms

and conditions or has refused the approval where compliance with reasonable terms and conditions cannot reasonably be expected. Terms and conditions imposed by the PRAC shall be limited to those considered necessary to protect properties within or abutting the zone or abutting zones, public health and safety, and those that maintain compliance with the District's Municipal Plan.

3. PRAC may permit, subject to the terms and conditions it considers fit:
 - a. a proposed use of land or a building that is otherwise not permitted under this By-law if, in its opinion, the proposed use is sufficiently similar to, or compatible with, a use permitted by this By-law for the zone in which the land or building is situated as provided by the Community Planning Act, or
 - b. a reasonable variance from the requirements of this By-law as provided by section 55(1)(b) of the Community Planning Act if, in its opinion, the variance is desirable for the development of a parcel of land, building or structure and is in keeping with the general intent of this By-law and the District's Municipal Plan.

2.10 POWERS OF THE DEVELOPMENT OFFICER

Pursuant to Section 55(2) of the Community Planning Act and subject to appropriate terms and conditions, if the Development Officer determines that a variance is desirable for the development of a parcel of land or a building or structure and is in keeping with the

intent of the District's Municipal Plan and the requirements of this By-law, the Development Officer may permit a reasonable variance from the following requirements referred to in sections 53(2)(a)(i), (iii), (iv), (v), (vi), (vii), (viii), (ix), and (xiii), and paragraph 53(2)(f) of the Community Planning Act:

1. The minimum size and dimensions of lots and other parcels into which land may be subdivided, and the minimum and dimensions of land required for a particular class of use or size of building or structure.
2. The height, number of storeys, ground area, floor area, and bulk of buildings and structures;
3. The percentage of land that may be built on, and the depth, size, or area of yards, courts, parking areas, and open spaces;
4. The placement, location and arrangement of buildings and structures, including their setting back from the boundaries of streets and other public areas, and from rivers, streams, or other bodies of water;
5. The design, character and appearance of buildings and structures;
6. The placement, height, and maintenance of fences, walls, hedges, shrubs, trees, and other objects;
7. The types, dimensions, and locations of means of access of lots to streets;
8. The facilities to be provided and maintained for off-street parking and loading of vehicles;

9. The location, dimensions, standards of construction and purposes of advertising signs and billboards; and
10. Prescribe standards with respect to the appearance of land in a zone and require landscaping and improvements in accordance with standards prescribed in the by-law.

Council determines that conditions have changed of there is valid new evidence in support of the requested change.

2.11 APPLICATIONS TO AMEND THE ZONING BY-LAW

1. Anyone who seeks to have this By-law amended shall:
 - a. submit a complete application as prescribed by the Development Officer, signed by the property owner or authorized agent and
 - b. shall pay the fee prescribed by the District.
2. Council may, if it deems fit, return all or any part of the fee mentioned in 1 b.
3. An application under this section shall include such information as may be required for the purposes of adequately assessing the desirability of the proposal.
4. Before giving its views to Council with respect to an application under this section, PRAC may request such information it deems necessary.
5. Where a rezoning application has been refused within the previous twelve months, Council shall not entertain an application to rezone the same parcel unless the proposed use is substantially different from the previous application or unless

c. In the case of a chain link construction:

- i. No greater than 50-millimetre (2-inch) diamond mesh;
- ii. Steel wire not less than No.12 gauge, or a minimum No.14 gauge covered with vinyl or other approved coating forming a total thickness

4.3.5 SWIMMING POOL ENCLOSURES

Where a swimming pool is located on a lot within the Community Node land use designation in Schedule A of the Future Land Use Map in the District's Municipal Plan, it shall conform to the following provisions:

- 1. No land may be used for purposes of a swimming pool capable of containing a depth in excess of 0.6 metres (2 feet) of water unless the swimming pool is enclosed by a fence, or by a wall of a building or structure, or by a combination of walls and fences, at least 1.5 metres (4.9 feet) in height.
- 2. Where a portion of a wall of a building forms part of an enclosure:
 - a. No main or service entrance to the building may be located therein, and

- equivalent to No.12-gauge wire; and
- iii. At least 38-millimetre (1.5-inch) diameter steel posts set below frost in an envelope of concrete and spaced not more than 2.4 metres (7.9 feet) apart, with a top horizontal rail of at least 32-millimetre (1.26-inch) diameter steel.
 - d. In the case of wood construction:
 - i. Vertical boarding, not less than 2.5 centimetres (1 inch) by 10.28 centimetres (4.1 inches) finished dimensions, spaced not more than 3.9 centimetres (1.6 inches) apart, attached to supporting members and arranged in such a manner as not to facilitate climbing on the outside, and
 - ii. Supporting posts at least 10.28 centimetres (4.1 inches) square or round with a diameter of 10.28 centimetres (4.1 inches), set below frost and spaced not more than 2.4 metres (7.9 feet) apart, with the portion below grade treated with a wood preservative, and with a top horizontal rail of at least 5 centimetres by 10.16 centimetres (4 inches) finished dimensions.
 - e. In the case of construction with materials, and in a manner other than described in subsections c) and d) hereof, the material used and construction shall be of a rigidity and design equal to the specifications set forth herein.
 - f. Gates forming part of the enclosure shall:
 - i. Be equivalent to the fence in content, manner of construction, and height;
 - ii. Be supported on substantial hinges;
 - iii. Be self-closing and equipped with a self latching device at least 1.1 metres (3.6 feet) above the grade, and
 - iv. Be located so that the bottom of the gate be elevated by no more than 10.28 centimetres (4.1 inches) above grade.
 - g. Enclosures shall:
 - i. Not exceed 2.4 metres (7.9 feet) in height; and
 - ii. Not be located in the required front and / or flankage yards.
4. The walls of an above ground swimming pool may form part of the enclosure if:
- a. The vertical walls of an above ground pool are at least 1.5 metres (4.9 feet) in height and do not possess any horizontal members that may facilitate climbing, and
 - b. The ladder area, or deck that provides access to the above ground pool is enclosed by a gated enclosure that complies with the requirements for enclosures set out in this section.

4.4 AGGREGATE EXTRACTION USES

4.4.1 APPLICATION FOR A QUARRY

The following information shall be submitted for the development of a quarry:

1. A copy of the Approval to Operate issued by the appropriate Provincial agency, if required.
2. A site plan of the extraction site.
3. A site rehabilitation plan.
4. A final perimeter of the extraction area.
5. A location and design of the entrance to the site.

4.4.2 STANDARDS FOR AGGREGATE EXTRACTION USES

1. The following standards are required for an aggregate extraction use:

	Minimum Distance from the Operating Perimeter of a Quarry	Minimum Distance from the Operating Perimeter of a Gravel Pit
Residential Zone	200 metres (656 feet)	30 metres (98.4 feet)
Foundation of a full-time residential, industrial, institutional, or commercial building located on an adjacent property	100 metres (328 feet)	60 metres (197 feet)
Other Zones	30 metres (98.4 feet)	30 metres (98.4 feet)
Public Road	30 metres (98.4 feet)	30 metres (98.4 feet)
Watercourse or Wetland*	60 metres (197 feet)	30 metres (98.4 feet)
Other requirements	In accordance with the Provincial approval process	

*Aggregate Extraction Uses that involve the harvesting of peat are exempt from this setback

2. The operating perimeter of a quarry shall be located 600 metres (1,968 feet) from any Drinking Water Supply Well and / or Public Water Distribution System unless written permission has been obtained by the well owner or the District.
3. An undisturbed buffer strip of 30 metres (98.4 feet) in width, or as prescribed by a Provincial Approval to Operate, will be maintained between the operating perimeter of a quarry and any lot.
4. Any site used for a quarry will be kept clean of construction residue, domestic refuse, abandoned vehicles and equipment, and all other scrap and waste materials.
5. A barricade such as a fence or berm shall be put in place around any quarry that has a vertical face slope steeper than 60 degrees from horizontal and in excess of 4 metres (13.1 feet) in height.
6. Signage will be posted around the perimeter of a quarry and visible from any access, warning people of any dangerous situations within the operation, including but not limited to blasting, heavy equipment operation, open pools, and moving vehicles.
7. With the exception of quarries and gravel pits located on Crown Land, gates shall be required at all entrances and exits of a quarry.

4.5 AGRICULTURAL OPERATIONS

Where permitted, an agricultural operation is subject to the approval or exemption of the Livestock Operations Act.

4.6 BED & BREAKFAST ESTABLISHMENTS

Where permitted, a Bed & Breakfast is subject to the following:

1. A bed and breakfast shall not be conducted in a dwelling or on a lot that also contains shared housing, supportive housing, day home, or a secondary or garden suite use.
2. Parking shall be provided in accordance with section 4.25.
3. A bed and breakfast shall be limited to a maximum of six sleeping rooms.

4.7 CONVERTED DWELLINGS

Where permitted, a one-unit dwelling may be converted to a two-unit or multiple dwelling, subject to the following:

1. The building shall have been originally constructed as a one or two-unit dwelling.
2. There shall be no change to the exterior appearance of the building that would indicate the building has been converted to accommodate additional units.
3. There shall be a minimum of one parking space per dwelling unit in addition to those required by any other uses on the lot.
4. Parking shall not be provided in any required front, side, or rear yard.
5. No alteration may be undertaken that extends the use into the front yard.
6. The lot may not contain a day care or supportive housing use.

4.8 DAY CARES & DAY HOMES

4.8.1 DAY HOMES

A day home may be permitted as a Home Occupation in a one- or two-unit dwelling, town or row house dwelling, or mini home subject to the following:

1. A day home shall comply with the Province's day care regulations;
2. Any fenced, outdoor play area shall be in the rear or side yard;
3. A day home shall provide an off-street

drop-off area so as to limit the obstruction of passing traffic, and conform with the parking provisions outlined in section 4.25; and

4. No bed and breakfast, garden suite, secondary suite, or supportive housing is permitted in any building on the lot.

4.8.2 DAY CARE CENTRES

A day care centre shall be subject to the following:

1. A Day Care Centre shall comply with the Province's day care regulations.
2. Any fenced or outdoor play area shall be in the rear or side yard.
3. Notwithstanding (2), a fenced, outdoor play area may be located in the front yard when the distance from the front property line to the fenced, outdoor play area is equal to or greater than the minimum required setback for the zone.
4. One on-site parking space shall be provided for every ten children.
5. Pick-up and drop-off of children must occur on-site.

4.9 DEVELOPMENT NEAR A WATERCOURSE, WETLAND, LAKE OR HIGH WATERMARK

Any development within 30 metres (98.4 feet) of a wetland or the banks of a watercourse shall be subject to the regulations of the Province of New Brunswick.

4.10 DWELLINGS PER LOT AND MINIMUM DWELLING SIZE

4.10.1 DWELLINGS PER LOT

No more than one main building containing one or more dwelling units shall be erected on any lot, except for the following:

1. In a mini-home park;
2. In a group dwelling; or
3. In the Rural or Rural Residential zones, where each dwelling is located such that the lot could be subdivided in compliance with all applicable by-laws respecting minimum lot size, frontage, setbacks, and lot configuration.

4.10.2 MINIMUM DWELLING SIZE

Within the Community Node land use designation identified in Schedule A: Future Land Use Map of the District's Municipal Plan, no building shall be constructed for the purpose of a one-unit dwelling, rowhouse dwelling, semi-detached dwelling, mini-home, or manufactured dwelling unless the proposed unit has a minimum gross floor area of 69.7 m² (750 ft²).

4.11 EXISTING BUILDINGS & UNDERSIZED LOTS

4.11.1 EXISTING BUILDINGS

A building that has been erected on or before the effective date of the adoption of this By-law on a lot that has less than the required

minimum lot area, frontage, or depth, or having less than the minimum front, side or rear yard setback required by this By-law, may be enlarged, reconstructed, repaired, or renovated, provided that:

1. The enlargement, reconstruction, repair, or renovation does not further reduce the front, side, or rear yards, and
2. All other applicable provisions of this By-law are satisfied.

4.11.2 EXISTING UNDERSIZED LOTS

This By-law does not prevent the use of an existing lot that does not meet the required minimum lot area of the zone in which it is located, provided:

1. The proposed use of the lot is permitted in the zone; and
2. The front, side, and rear yard setbacks, height, lot coverage and all other relevant requirements of the zone are maintained.

4.12 FILLING AND EXCAVATION

No person may strip, excavate, or otherwise remove the topsoil, for sale or for use, from a lot or other parcel of land, except:

1. In connection with the construction of a building structure, quarry, or pit site, if there is an excess of topsoil other than that required for grading and landscaping; or
2. If the activity satisfies the requirements of Provincial regulations.

4.13 GARDEN SUITES

Where permitted, a garden suite shall:

1. Be secondary to a one-unit dwelling or mini home;
2. Be located in the side or rear yard and behind the building line of the main dwelling;
3. Have a maximum ground floor area of 72 square metres (775 ft²);
4. Have a maximum height of 9 metres (30 feet) but not be taller than the main dwelling;
5. A mini home may be used as a garden suite in the Rural Residential and Rural zones;
6. Where the property is connected to municipal water and/or sanitary systems, a Garden Suite shall be connected to the main dwelling and shall not be connected to independent laterals at the street;
7. Where municipal water and/or sanitary systems do not exist, a Garden Suite shall be connected to a private septic system approved by the Department of Public Safety;
8. No vehicle bodies, recreational vehicles, or shipping containers may be used as a garden suite; and
9. Notwithstanding subsection (9), a shipping container may be used as a building material for a garden suite if the construction drawings are reviewed and stamped by a Professional Engineer and all other provisions of this section are met.

4.14 HEIGHT RESTRICTIONS

The maximum height of buildings and structures prescribed in the zones of this By-law, unless otherwise indicated, shall not apply to church spires, water tanks, elevator enclosures, silos, flagpoles, television, telephone or radio antennae, ventilators, chimneys, clock towers, cupola, solar collectors, or wind turbines.

4.15 HOBBY FARMS

A Hobby Farm may be established in the Rural and Rural Residential zones subject to the following:

1. The hobby farm shall be clearly accessory to the main use; and
2. The hobby farm shall not change the residential character of the premises.

4.16 HOME INDUSTRY

Where permitted, a home industry is subject to the following:

1. A home industry may be considered a second main use on a lot that contains a one-unit dwelling or mini home.
2. A home industry may be used for, but without limiting the generality of the foregoing, a shop for carpentry, electric equipment repair, woodworking, window framing, welding, plumbing, machine or auto repair riding, stables, a service shop, and storage building for vehicles, equipment, and commodities, a kennel, or similar uses.
3. A home industry shall be located within a separate building from the main dwelling.
4. A home industry shall conform to the rules of the zone it is proposed within.
5. Outdoor storage shall be in accordance with section 4.24.
6. A sign shall be permitted in accordance with Section 4.31.
7. Parking shall be provided in accordance with section 4.25.
8. A home industry shall be located on the same property as the principal residence of the operator.

4.17 HOME OCCUPATION

4.17.1 CLASS 1 HOME OCCUPATION

Where permitted, a Class 1 Home Occupation may be permitted as a secondary use within a one-unit or two-unit, town or rowhouse, or mini-home dwelling or an accessory building subject to the following conditions:

1. That there are no additional employees beyond those that reside within the subject dwelling unit;
2. That the Class 1 Home Occupation be clearly secondary to the residential use and may include, but without limiting the generality of the foregoing; a professional office, a personal service shop, an educational service, a craft studio, a day home, and a small-scale general service shop, such as computer repair, and similar uses;
3. That the residential character of the land, building or structure be maintained;
4. That the service not generate sewage in excess of what can be accommodated by the existing sewage disposal system;
5. That the service not produce inordinate amounts of water or create excessive noise, fumes, dust, vibration, glare, electronic interference, or odor;

6. That a sign be placed in accordance with section 4.31;
 7. That off-street parking be in accordance with section 4.25;
 8. That no more than 35% of the floor area of the subject dwelling shall be devoted to the home occupation, with the exception of a day home;
 9. That no more than 60 square metres (650 ft²) of the floor area of the accessory building or structure shall be devoted to the Home Occupation; and
 10. That the Home Occupation only supply or sell goods and services that are produced on site.
4. That a sign be placed in accordance with section 4.31;
 5. That the outdoor storage of supplies, materials or products be screened from view from the street and neighbouring properties and not exceed 250 square metres (2,690 ft²) in area;
 6. That the service not generate sewage in excess of what can be accommodated by the existing sewage disposal system;
 7. That off-street parking be in accordance with section 4.25;
 8. That no more than 35% of the floor area of the subject dwelling shall be devoted to the Home Occupation, with the exception of a day home; and
 9. That no more than 120 square metres (1,290 ft²) of the floor area of an accessory building or structure shall be devoted to the Home Occupation.

4.17.2 CLASS 2 HOME OCCUPATION

Where permitted, a Class 2 Home Occupation may be permitted as a secondary use within a one-unit dwelling or an accessory building subject to the following conditions:

1. That not more than two people are engaged therein in addition to those residing in the subject dwelling;
2. That the Home Occupation may include, without limiting the generality of the foregoing, a Class 1 Home Occupation, a workshop, a trades business (i.e., carpenter, electrician, plumber, etc.), small engine repair, furniture repair, pet grooming, or similar uses;
3. That the residential character of the land, building, or structure be maintained;

4.18 INDUSTRIAL DEVELOPMENT STANDARDS

4.18.1 BUFFERING

1. Where a permitted use in the Light Industrial zone abuts a Residential, Commercial, Mixed Use, or Institutional Zone:
 - a. The lot line abutting a Residential, Commercial, Mixed Use or Institutional Zone shall consist of a landscaped buffer and must be:
 - i. 5 metres (16.5 feet) wide when the permitted use is an industrial or manufacturing use.

- ii. 3 metres (9.8 feet) for any other use permitted in the Light Industrial Zone.
 - b. The part of the abutting property that is being used for industrial purposes including any buildings, structures, parking, outdoor display, or outdoor storage, shall be screened:
 - i. With opaque fencing no less than 2 metres (7 feet) in height, or
 - ii. With opaque natural vegetation no less than 2 metres (7 feet) in height, or
 - iii. A combination of (i) and (ii).
- 2. Where a permitted use in the Heavy Industrial Zone abuts a Residential, Commercial, Mixed Use, or Institutional Zone:
 - a. The lot line abutting a Residential, Commercial, Mixed Use, or Institutional Zone shall consist of a landscaped buffer of at least:
 - i. 25 metres (82 feet) for any industrial or manufacturing use, agricultural use, fabrication, and processing facility, recycling depot, or a salvage yard.
 - ii. 10 metres (33 feet) for any other use permitted in the Heavy Industrial Zone.
 - b. The part of the abutting property that is being used for industrial purposes including any buildings, structures, parking, outdoor display, or outdoor storage shall be screened:
 - i. With opaque fencing no less than 2 metres (7 feet) in height, or
- 3. Landscaping described in (1) and (2) shall:
 - a. Consist of existing trees and other natural vegetation where possible.
 - b. Consist of additional vegetation, structures, or facilities designed to mitigate any noise, odours, dust, or other negative impacts on adjacent Residential zones or uses; and
 - c. Not have any portion of any parking lot, parking space, outdoor storage, or waste storage visible from abutting Residential zone or use.

4.18.2 SALVAGE YARD OR RECYCLING DEPOT

Where land is used for the exterior storage of scrap, recycling, or automotive materials, the following standards shall apply:

1. The whole of the area used for outdoor storage shall be surrounded by an opaque fence, not less than 3 metres (9.8 feet) and not greater than 5 metres (16.5 feet) in height.
2. The fence must be located at least 6 metres (19.7 feet) from the front lot line and 1.5 metres (4.9 feet) from the side or rear lot lines, and the land between the fence and any lot line not required for entrance and exit driveways shall be landscaped and maintained; and no material shall be piled higher than the height of the surrounding fence.

4.19 KEEPING OF HENS

The keeping of hens is permitted as an accessory use on a lot containing a one-unit dwelling or mini-home having a minimum lot size of 1100 m². The following additional conditions shall apply within a residential (R1 and R2) zone:

- a. No more than six hens are kept at any given time;
- b. Male fowl are not to be kept at any time;
- c. Chickens may not run at large;
- d. Chicken enclosures shall contain an enclosed, roofed coop connected to a run that shall be fully enclosed, and shall be designed and constructed to ensure proper ventilation and provide significant space for the hens;
- e. Coops and associated runs must be a minimum of 3 metres (9.8 feet) from any potable water well and must comply with the minimum setback requirements of the applicable zone;
- f. Coops and associated runs may not be located within the front yard of the property and shall be visually screened from a public street;
- g. Coops shall be maintained so as not to cause a nuisance to neighbouring properties;
- h. The sale of eggs is not permitted; and
- i. Slaughter or disposal of chickens on site is prohibited.

4.20 LANDSCAPING, LIGHTING, AND AMENITY SPACE

4.20.1 LANDSCAPING

1. The owner of a lot developed for residential purposes shall landscape the front yard of the main building with reasonable accommodation for a driveway and walkway access; and
2. Landscaping shall consist of a lawn and may include paths, patios, walkways, a driveway, trees, and ornamental features.

4.20.2 LIGHTING

1. Industrial, Commercial, or similar uses interior or exterior lighting or lighted signs, shall not be of such intensity, located or directed in such a way, so as to produce glare on public streets or neighboring property; and
2. Lighting provided for pedestrian or active transportation trails shall be illuminated with a shielded light source.

4.20.3 LIGHTING IN AN INDUSTRIAL ZONE

Where an industrial zone abuts a residential use, outside illumination shall be directed away from such residential use. Outside illumination fixtures should be full cut-off fixtures, not emitting any light above a horizontal plane drawn through the bottom of the lighting fixture. The Development Officer may require glare guards, lower wattage lights, and other measures to rectify any light pollution infraction.

4.21 LOCATION OF BUILDINGS AND STRUCTURES ON A LOT

1. No building or structure may be placed, erected, or altered so that any part of it is within:
 - a. 15 metres (49.2 feet) from the boundary of an arterial or collector highway or
 - b. 7.5 metres (24.6 feet) from the boundary of a street or highway other than an arterial or collector highway, unless otherwise stated in the zone.
2. Notwithstanding (a), a building or structure may be placed, erected, or altered so that it is:
 - a. as near a boundary of a street or highway as existing buildings or structures provided that the existing buildings or structures are on each side of and immediately adjacent to, such building or structure; and
 - b. the nearest side of each existing building or structure, immediately adjacent thereto, will be within 30metres (98.4 feet) of the nearest side of the building or structure to be placed, erected or altered.

4.22 MULTIPLE USES

1. Unless otherwise prescribed, where any land or building is used for more than one purpose, all provisions of this By-law relating to each use shall be satisfied.
2. Where any land or building is used for more than one purpose and more than one standard applies, the more stringent standard shall prevail.

4.23 MULTI-UNIT DWELLINGS, TOWN HOUSES AND GROUP DWELLINGS

1. The following standards apply to any group dwelling units:
 - a. That a group dwelling unit shall not exceed 92 square metres (1,000 ft²) in gross floor area and be placed on a permanent foundation.
 - b. That it shall be developed as a bare-land condominium that complies with all Provincial regulations and registration requirements under the Condominium Property Act.
 - c. That, for a development proposed in an area not connected to a municipal water supply (i.e., unserviced areas), a hydrogeological study or well yield test shall be submitted by a qualified professional, confirming that the proposed development can be adequately serviced without negatively impacting adjacent properties.
 - d. That the wastewater services shall be approved by the appropriate Provincial agencies.
 - e. That, in a Rural Zone, a minimum lot size of 2 acres is required.
 - f. That a site plan be submitted that includes:
 - i. Building footprints and proposed setbacks;
 - ii. Internal circulation, including driveways and parking areas;
 - iii. Garbage storage locations.
2. The following standards apply to any series or group of townhouse or rowhouse dwellings:
 - a. No group or series shall contain more than six dwelling units with the same or approximately the same front line, and the front façade shall be articulated at regular intervals to provide visual distinction between units.
 - b. No group or series shall exceed 65 metres (213.3 feet) in continuous building length.
 - c. No side wall of a townhouse or rowhouse dwelling shall be placed, erected, or altered so that any part of such wall is closer than 7 metres (23 feet) or the height of the building (whichever is greater) to the side wall of another townhouse or rowhouse.
 - d. Where individual townhouse or

rowhouse units are to be subdivided by party wall, easements shall be established to ensure access to the rear yard of each unit. Easements are not required where the entire group of units is to be maintained on a single lot.

3. No multiple-unit dwelling may be placed, erected, or altered so that it contains a dwelling unit with a gross floor area less than:

- a. 32 square metres (350 ft²) in the case of a bachelor apartment;
- b. 41 square metres (450 ft²) in the case of a one-bedroom dwelling unit;
- c. 55 square metres (600 ft²) in the case of a two-bedroom dwelling unit; or
- d. 66 square metres (700 ft²) in the case of a dwelling unit containing three or more bedrooms.

4. For residential developments containing six or more dwelling units, the applicant shall, unless otherwise approved by the Development Officer, submit a site plan that includes:

- a. Building footprints and proposed setbacks;
- b. Internal circulation, including driveways, parking areas;
- c. Garbage storage locations;
- d. Snow storage areas;
- e. Preliminary lot grading and drainage concept;

f. Where the lot is located outside the District Centre, Local Centre, or Mixed Use zones and abuts a Neighbourhood Residential (R1) Zone, details of screening between the multi-unit dwelling and the adjacent residential lot in accordance with the following:

- i. Screening may consist of existing vegetation or structures if sufficient to screen the lot from adjacent properties.
- ii. Where insufficient, screening shall consist of a landscaped buffer at least 4 metres (13.1 feet) wide located along the shared lot line, consisting of trees, shrubs, fencing, or berms designed to provide year-round screening.

5. For residential developments containing ten or more dwelling units, the developer shall, unless otherwise approved by the Development Officer, provide:

- a. A site plan including those requirements listed in (c) and (d);
- b. A stormwater management plan stamped by a professional engineer;
- c. For developments proposed in areas not connected to a municipal water supply (i.e., unserved areas), a hydrogeological study or well yield test, prepared by a qualified professional, confirming that the proposed development can be adequately serviced without negatively impacting adjacent properties

- d. For developments proposed in municipally serviced areas, written confirmation from the municipality that sufficient water and wastewater capacity exists to service the proposed development.

6. Where a multi-unit dwelling is proposed outside the District Centre (DC), Local Centre (LC), and Mixed Use (MU) Zones, and the lot abuts a Neighbourhood Residential (R1) Zone, the following height transition standards shall apply:

- a. Any portion of the building within 12 metres (39.4 feet) of the shared lot line shall not exceed two storeys and a maximum height of 9 metres (30 feet).
- b. Any portion between 12 (40 feet) and 15 metres (49.2 feet) from the shared lot line shall not exceed three storeys and a maximum height of 12 metres (39.4 feet).
- c. Any portion more than 15 metres (49.2 feet) from the shared lot line may be built to the maximum height permitted in the zone, but not exceeding four storeys and 15 metres (49.2 feet).
- d. Notwithstanding any height standard otherwise permitted in the applicable zone, the height limits set out in this section shall apply to all multi-unit dwellings on lots abutting a Neighborhood Residential (R1) Zone.

7. Multi-unit dwellings located in the Rural zone shall not exceed four dwelling units per lot unless the lot is connected to a public sewer system, in which case the maximum number of dwelling units shall

not exceed 18 dwelling units per lot.

4.24 OUTDOOR STORAGE

Where any portion of any lot in any District Centre (DC), Local Centre (LC), and Mixed Use (MU), and General Commercial Zone is to be used for outdoor storage, the following shall apply:

1. Any area devoted to open storage shall not exceed 50% of the lot area;
2. No outdoor storage shall be permitted within any required front yard; and
3. No outdoor storage shall be permitted within any yard where such yard abuts any Residential zone or residential use, except where a fence or other visual and physical barrier is provided within the abutting yard.

4.25 PARKING AND LOADING

4.25.1 PARKING STANDARDS

- For the following uses, on-site parking shall be provided in the amounts indicated unless otherwise specified in this By-law:

Use	Minimum Number of Required Parking Spaces
One, Two, Town or Rowhouse, and Converted Dwellings	1 per unit
Multiple Unit Dwelling	1.25 per unit
Secondary or Garden Suite	1 per unit
Shared Dwelling or Bed & Breakfast	1.5 per two bedrooms
Retail, Service, Personal Service greater than 1,000 square metres (10,764 ft ²) of gross floor area	1 for each 40 square metres (431 ft ²) of gross floor area
Retail, Service, Personal Service less than 1,000 square metres (10,764 ft ²) of gross floor area	1 for each 35 square metres (377 ft ²) of gross floor area
Office Use	1 for each 50 square metres (538 ft ²) of gross floor area

CHAPTER 12

FLOOD RISK AREA OVERLAY ZONES

12.1 FLOOD RISK AREA (FR) OVERLAY ZONE

Within the Flood Risk Area (FR) Overlay Zone, no person shall use any land or erect, alter, or use any building or part thereof for any purpose other than permitted uses in the underlying zone.

12.1.1 PERMITTED USES

No main building may be erected, constructed, or modified unless it meets the following minimum requirements, regardless of other policies contained in this Zoning By-law:

1. In the case of new main building:

- a. A minimum floor elevation greater than the known minimum flood extent as depicted by a licensed surveyor.
- b. A development or building permit application shall include:
 - i. A site plan and elevation drawings demonstrating the elevation of habitable space in the proposed building.
 - ii. A plan and drawings that demonstrate the flood proofing of all electrical, mechanical, and plumbing systems, by design, for the area below the required elevation.
 - iii. A drainage plan, if the adaptation measures result in more than 1 metre of fill (in elevation) for properties less than 4,000 square metres (1 acre).
 - iv. A site plan demonstrating that

access to the property and dwelling unit is at an elevation that does not impact access to the property or dwelling unit during a flood event.

- c. Other terms and conditions to mitigate the impact of flooding to life and structures as deemed appropriate by the Development Officer

2. In the case of an existing building, the building may be expanded or modified if:

- a. It does not reduce the elevation of the existing building.
- b. A non adapted expansion or modification is limited to one per main building.
- c. The Development Officer may impose additional terms and conditions to mitigate the impact of flooding to life and structures as deemed appropriate by the Development Officer.

3. This section does not apply to accessory buildings or structures, open space uses, or temporary uses permitted by this bylaw. Accessory building and structures are subject to section 4.3.
